Port Detail

The Port of San Francisco is located along the Embarcadero waterfront. Passengers will enter from the Embarcadero into a small lobby area where soft security checks will take place for photo ID and passenger cruise documents. Due to heightened security measures taxis, limos, private cars, shuttle vans, etc. are no longer permitted to enter Pier 35. Coaches may be permitted into the terminal if they have provided their full security details at least 48 hours in advance to Princess Cruises' appointed Ground Handler. Otherwise, they will have to load and unload their guests on the sidewalk. San Francisco Police Department will not permit vehicles to wait on the curb for any reason, unless actively in the process of loading or unloading their passengers.

Luggage Handling

Prior to arriving at the pier, please ensure that all Princess luggage tags are attached (additional Princess luggage tags can be obtained at the pier). This is in addition to your personal identification tag.

Curbside porters are available at the pier to take baggage to the vessel for delivery by shipboard personnel to your stateroom. It is customary to tip the porter for this service. Please be advised that curbside porters are not employees of Princess Cruises. You are responsible for your belongings at all times. For security reasons, we remind you to keep your hand luggage, including laptops, cameras, any medications, all travel documentation (passports, visas, etc.) and other valuables, in your possession at all times.
