## Highlights that raise the bar

Only Princess has the Travel Weekly GOLD Magellan Award-winning itineraries that show you the best of this region. Enjoy access to UNESCO World Heritage Sites as well as Majestic Princess®, the largest ship approved by the International Association of Antarctic Tour Operators (IAATO) for committing to safe, environmentally responsible travel to Antarctica.

## Go wild

Nothing compares to the sight of penguins at play – a million nest in the Falkland Islands each year! – but they're not the only wildlife wonder the region offers. Whales, porpoises, leopard seals and sea birds all call these lands home.

## Landscapes take on a character all their own

Life seems bigger here, whether it's the stars of Glacier Alley or the mountains over Rio. Survey the fjords of the Beagle Channel, cross cruising Antarctica's Gerlache Strait and Elephant Island off your bucket list, and sail to "the end of the world" by Tierra del Fuego.

## Oh, the stories you'll tell

Dance the tango where it was born, and samba your way through Brazil. In Argentina, pair a world-class steak with some of the world's best wine. You can even pay your respects at Buenos Aires' La Recoleta Cemetery, final resting place of former Argentine First Lady Eva Peron.

## Princess makes getting there easy

Coordinate flights to far-flung locales through Princess EZair®. It features surprisingly low prices, late arrival protection, no customization fee, 24/7 support and Flexible fares that let you change flights before departure without fees.
