# Discover the best of California with Princess

## Discover scenic coastlines and marine wildlife

California's rugged coastline is a dazzling display of natural beauty: stunning mountains meet pristine beaches and dramatic cliffs hover above gorgeous shores. Amid this beauty you'll discover charming towns, from SoCal's beachside retreats to the serene shoreline communities of the Pacific Northwest — all infused with that unmistakable laid-back West Coast vibe. You'll also witness the incredible wildlife that calls the California Coast home: majestic whales, playful sea lions, graceful sea turtles and sleek dolphins.

## Visit top landmarks

Explore some of the West Coast's other top landmarks, including the shops of San Diego's lively Old Town and, of course, say hello to a myriad of cute creatures at the legendary San Diego Zoo. Griffith Observatory isn't just an enchanting hub for curious minds and stargazers, it also offers sweeping views of Los Angeles. Visit the infamous island prison, Alcatraz, or the bustling Fisherman's Wharf in San Francisco. As you explore the dreamy central coast of the Golden State, you'll want to make time for the historic gem, Mission Santa Barbara.

## Indulge in California food and wine

Any California Coast vacation promises a culinary journey. From chic LA and San Francisco eateries to charming Napa Valley wineries, you'll sample incredible cuisine with a focus on regional flavors. Bike through picturesque vineyards and relish the beauty of harvest season. Savor local delights, like tacos in San Diego and fresh finds at farmers markets in Los Angeles and Vancouver's Granville Island. With Princess, the taste exploration continues on your ship with wine tastings and winemakers' dinners. It all adds up to one delicious adventure.
