Timeless beauty, endless discovery

With seven ships — including Caribbean Princess[®], Coral Princess[®], Enchanted Princess[®], Majestic Princess[®], Regal Princess[®], Sky Princess[®] and Sun Princess[®] — our 2027/2028 Europe season is packed with more to explore. Whether you've always wanted to spot the northern lights in Norway's dark skies or span two continents at once in Istanbul, this is your moment to do it.

Medieval charm & modern wonders

Wander narrow lanes lined with colorful homes, visit medieval strongholds and explore historic castles like Urquhart on the banks of Loch Ness. Listen to live music in an Irish pub or walk in the footsteps of royalty across the British Isles.

Natural beauty everywhere you look

Cruise Norway's majestic fjords, soak in Iceland's geothermal springs and spot dolphins dancing off the coast. From sweeping cliffs to the secluded coves and countrysides of Malta, the views are unforgettable.

A taste of the world

Savor handmade pasta at a Tuscan farmhouse, cook side-by-side with a chef in Paris or sip craft beer with a master brewer in Tallinn. On board and ashore, it's a true culinary journey.

Icons of art & legend

Step back in time as you explore the ruins of Pompeii. Marvel at St. Peter's Basilica, take in the wonders of Istanbul and admire Stonehenge in all its glory — where myth and history meet.
