Port Detail

Tianjin International Cruise Home Port is the newest cruise ship terminal in Tianjin, China. The new terminal is located on reclaimed land and can be hard to find even for local drivers. There are two passenger cruise terminals in Tianjin. Passengers making their own way to the pier should ensure they arrive at the **Tianjin International Cruise Home Port Terminal**, not the Xingang Passenger Terminal. Driving time from Beijing to the pier is approximately 2-3 hours, subject to local traffic conditions.

Luggage Handling

Prior to arriving at the pier, please ensure that a Princess tag is attached to each piece of luggage (additional Princess luggage tags can be obtained at the pier). This is in addition to your personal identification tag. Curbside porters are available at the pier to take baggage to the vessel for delivery by shipboard personnel to your stateroom. Please be advised that curbside porters are not employees of Princess Cruises. You are responsible for your belongings at all times. For security reasons, we remind you to keep your hand luggage, including laptops, cameras, any medications, all travel documentation (passports, visas, etc.) and other valuables, in your possession at all times.
