Discover the best of the California coast with Princess

1 See the best of Northern & Southern California

Explore the California coast and beyond from a new perspective. Choose from 7-day coastal cruises roundtrip from Los Angeles and San Francisco. Or get a taste of this engaging region on 3- to 5-day Getaways, roundtrip from Los Angeles or San Francisco. With such a wide range of roundtrip sailings taking you to the heart of the coast's most popular cities, it's easy to see why we've been awarded Best Cruise Line from the West Coast by *Cruise Critic*².

2 Visit top landmarks along the coast

We bring you right to the top coastal cities where you can sightsee at all the top landmarks along the way. Sip the best vintages at renown California Coast vineyards. Take a ferry through San Francisco Bay to the infamous Alcatraz Prison or walk Hollywood Boulevard in Los Angeles. Tour the historic Mission in Santa Barbara and visit charming Monterey, where you can explore the scenic coastline on the famous 17-mile drive. Experience Seattle's world-famous Pike Place market where you can see the flying fish market, or take in panoramic views of the entire city from the Space Needle. Discover Vancouver's rainforest in Stanley Park, and enjoy sights from Vancouver Lookout.

3 Explore scenic coastlines & discover marine wildlife

Maybe it's because California is home to the film industry, but the scenery is like something out of a movie. Think palm-lined streets, cliff-bordered beaches and quaint seaside towns with a character all their own. Don't forget the famous residents (and visitors) – whales, dolphins, seals and sea lions, that is – that just love the mild climate and sunny weather. Catch a glimpse of the marine wildlife as you enjoy views of the dramatic landscape.

4 Inspired California food & wine

Each sailing is an invitation to sample California's famed culinary offerings, from the chic eateries of Los Angeles and San Francisco to charming vineyards in Napa Valley, Sonoma Valley, Solvang, Santa Barbara and San Diego. On board, wining and dining are integral parts of the California Coast cruise experience. Enjoy wine tastings, our winemakers' dinners and our Silverado Wine Blending Experience. And on shore you'll discover more incredible culinary experiences from tasting the tacos in Santa Barbara, to visiting the Farmers Market in Los Angeles or the Public Market Center in Seattle.
