See the best of Mexico with Princess

1 See Mexico with the experts

We were the first cruise line to sail the Mexican Riviera in 1965, and almost 60 years later no other cruise line offers an experience quite like Princess. Choose from 5-day getaways to 7- or 10-day sailings roundtrip from Los Angeles or San Francisco, and visit hot spots south of the border like Cabo San Lucas, Puerto Vallarta, Mazatlán and less-traveled jewels like Loreto and Manzanillo.

2 The fiesta comes aboard

Experience the culture and flavors of Mexico on board with Mariachi music and folkloric performances as part of our Festivals of the World Mexican Fiesta with traditional Día de los Muertos celebrations, activities and crafts. Savor iconic dishes from fresh tacos, ceviche and mole, to margaritas, and even wine and tequila tastings of Mexico's most popular offerings.

3 Outdoor adventures await

Zipline through the lush rainforests of Puerto Vallarta. Snorkel alongside sea lions off the coast of La Paz. Embark on a deep sea fishing adventure in Loreto. Swim with dolphins in Cabo San Lucas — an exclusive Animal Planet™ recommended excursion. Or watch whales rise above the water's surface as you explore the Gulf of California's marine sanctuary near Puerto Vallarta.

4 Experience unique culture

Get immersed in Mexico's most sought-after cultural sights, from the classic churches of La Paz to the galleries of Mazatlán. Shop for artisan gifts like hand-crafted jewelry, woven crafts and pottery. Or spend a full day exploring 200-year old ruins at the Pyramids of La Campana in Colima, a short drive from Manzanillo.

Enjoy VIP treatment with a MedallionClass® cruise

Experience service that takes care of everything for you — from stateroom doors that unlock automatically to food and drinks delivered wherever you are, plus Wi-Fi at sea that lets you stream, post, email and much more — so you really feel like you're on a vacation.
