Roundtrip St. Petersburg sailings are 10 days, port order varies. No More Ashore Overnight in St. Petersburg. Due to operational considerations, the port of Nynäshamn may be used as access to Stockholm.

In St. Petersburg’s relatively short history — the city is younger than New York — it has witnessed the rise and fall of Imperial Russia, three shattering revolutions and civil war. However, Russia’s “Window to the West” still shines as a beautiful metropolis, boasting impressive architecture. Perhaps most iconic is the Church of the Savior on Spilled Blood, which was built on the spot where Emperor Alexander II was assassinated in March 1881. Both the interior and exterior of the church are decorated with incredibly detailed mosaics, designed and created by the most prominent Russian artists of the day.

See the sights during the day and experience the nightlife after dark with Late Night (9 p.m. or later) or Overnight calls.
An old harbor and maritime city, Copenhagen charms visitors with its idyllic canals. One of the best ways to experience the beauty of the canals is via boat or during a romantic gondola tour. Along the way, you can see historical churches, castles and stunning homes.

Located in northern Norway, the city of Tromsø sits right above the Arctic Circle. It’s famed for its spectacular viewing point of colorful Northern Lights that beam across the nighttime sky.

June 21 — the summer solstice and the longest day of the year — is the official start of summer. In Norway, the change in season is marked by a massive celebration called Slinningsbålet, where a huge bonfire tower is burned to reflect the sinking flame of the sun and to honor the birth of John the Baptist. Around the summer solstice, the midnight sun begins. This natural phenomenon means that the sun is visible a full 24 hours for many of the summer months.

Set on the Rhône River, Provence’s Avignon was the seat of the Catholic Popes from 1309 to 1378, during their exile from Rome. Although its reign as the papal power only last a short time, it is home to an impressive legacy of architecture, including the Pont d’Avignon bridge.

Rising high out of the Atlantic Ocean, Ireland’s Cliffs of Moher are an awe-inspiring sight. Located in County Clare, the cliffs stretch five miles long and 702 feet high. Visiting this miraculous site means witnessing nature in its purest form: jagged ancient rocks, salty sea air and cool, refreshing wind. On a clear day, you can delight in fantastic views, perhaps even spotting the Aran Islands. This site was also the setting for the “Cliffs of Insanity” in the classic romantic comedy *The Princess Bride*.

Note: Amenities represent typical arrangements and may vary by ship. Certain stateroom categories may vary in size and configuration by ship. Stateroom views are considered obstructed unless noted otherwise. Some categories have portholes versus picture windows. Some staterooms are partially to fully obstructed, as shown on deck plans. Obstructions do not include certain nautical items like handrails, dividers or ship hardware. For balcony staterooms, the view is determined from the perspective of the balcony railing. Balconies may have either solid steel or glass railings. Upper berth and bed ladder capacities are 250 lbs. Staterooms that can accommodate rollaways have two lower berths and one upper berth, and the staterooms can accommodate a fourth berth as a rollaway bed upon request at time of reservation. There are a limited number of rollaway beds per ship, per voyage. Use of rollaway beds restricts cabin space. Call (65) 6922 6788 for more information.
