Cruise Personalizer®

The Cruise Personalizer is your online destination for completing important documentation, customising your voyage and more. Once your booking is made, just visit princess.com, click on the Cruise Personalizer link within the Booked Guests section, enter your name, date of birth, and booking number and you’re good to go.

If you do not have internet access, contact your travel consultant for assistance.

Passage Contract

Please review the Passage Contract carefully as it is binding and affects your legal rights. The Passage Contract is available on the Cruise Personalizer.

Document Requirements

Each guest is responsible for providing Princess Cruises with complete and accurate immigration information. The Guest Immigration Form should be completed online using the Cruise Personalizer, upon confirmation of your booking.

As you complete your immigration information, be sure to verify that your name appears exactly as shown on your passport or other proof of citizenship that you will be carrying with you to the cruise. If the name does not match, contact your travel consultant to correct this information. If you booked directly with Princess, contact us at 13 24 88.

Please be sure to complete the Guest Immigration Information at least 60 days prior to your cruise. Information should be completed in Cruise Personalizer no later than six days prior to your cruise. If you do not have online access, please contact your travel agent or call 13 24 88.

Your failure to provide this information in advance will result in delayed check-in and possible denial of boarding.

Travel Documents*

The countries visited during your cruise have specific document requirements for cruise ship guests.

These requirements include passport, visa and vaccination certificates where applicable. Requirements will vary based on the ports visited as well as on your citizenship.

Many countries require passports be valid for six months after the completion of your travel. Check your passport to verify it will be valid for this period of time. Please ensure the name on the passport matches the name on the booking. Additionally, make certain that your passport contains blank pages for entry and exit endorsements and any visas that may be required. If necessary, allow sufficient time to renew your passport and/or obtain additional pages.

Please note that it is your sole responsibility to obtain and have available the proper travel and health documents that are necessary for air travel, cruise check-in and disembarkation at the various ports of call and for re-entry into the appropriate country of origin. If you do not possess the proper documentation, you will be denied boarding without any refund of the cruise or Land and Sea Holiday fare.

There are many regulations that apply to differing nationalities visiting international countries. You should check with the relevant embassy or consulate about your visa requirements. Alternatively you can use an online service such as Visalink (visalink.com.au) or Toll Visas Direct (www.tollvisasdirect.com). Please note that travel on your cruise will not revalidate an Australian re-entry visa. All visa requirements are the responsibility of you and your Travel Agent.

For international voyages (cruises that visit a foreign port), passports are required for all guests and must be valid for a minimum of six (6) months beyond the date of the cruise return. In addition, travel on our cruises will not re-validate an Australian or New Zealand re-entry visa.

For domestic voyages (cruises that do not visit a foreign port), a valid passport or government issued photo identification is required (Queensland ‘Adult Proof of Age Card’ will be accepted, however the older version of Queensland ‘Card 18+’ will not be accepted). For Australian domestic voyages, a current Medicare card can be used for guests under 18 years of age. For New Zealand domestic voyages, an original or certified copy of the child’s birth certificate or a school pass with photo will be accepted for guests under 18 years of age.
PRE-CRUISE

Preparing for Your Cruise

Visas
As governmental travel requirements change periodically, you must check with your travel agent or the government authorities for all countries you will visit to determine or verify the actual requirements at the time of sailing. Princess assumes no responsibility for advising guests of such requirements. More information may be available on Cruise Personalizer after you have booked.

Age Requirements/Travelling with Children

Age requirements
Princess reserves the right to restrict the number of those between the ages of 6 months and 17 years aboard the vessel. On cruises departing and returning to Australia, to ensure there is suitable supervision, there needs to be at least one guest 18 years or older in each stateroom. For all other cruises there needs to be at least one guest in each stateroom 21 years or older. For family groups booking multiple staterooms, children may sail in a cabin without their parents or guardians, provided one child in the stateroom is a minimum of 16 years of age or older. Please note that notarised written consent for guests under the age of 18 is no longer required by Princess. However, several countries require special documentation for children travelling without both parents; these requirements are subject to change without notice. It is your responsibility to ensure that you possess the proper documents for all of the countries that you will visit. Please verify requirements with the consulates of the countries visited prior to your cruise.

For cruises on Dawn, Diamond, Emerald, Golden, Sea and Sun Princess operating in Australia: For cruises departing from Australian ports between 1 November and 7 January, any guest under 19 years of age on the day they board the cruise, must travel in the same stateroom as a responsible adult 19 years or older. In addition, from 8 January to 31 January, there is a limit on the number of guests under 19 years of age who can travel unaccompanied. Once the limit is reached, a responsible adult 19 years or older must travel in the same stateroom. We can advise you at the time of booking whether the limit applies to your booking. Princess Cruises can waive the responsible adult requirement at its discretion. The responsible adult is accountable for guests under 19 years of age in their stateroom for the duration of the cruise, and the ‘Rights of the Captain’ will be applied to anyone who displays disruptive behavior.

Vaccinations*
Vaccination requirements vary by destination and change from time to time. We strongly recommend seasonal influenza vaccination for all guests. You are strongly urged to seek advice from your primary care physician or an approved public health advisory service to identify any specific vaccination or health precautions required for each port of call. You may wish to reference the World Health Organization (WHO) (who.int/ith/en). Some countries strictly enforce certain health requirements such as Yellow Fever. You may be required to present an original vaccination certificate at embarkation and failure to do so may result in denied boarding.

*This information is provided as general guidance. Because governmental and vaccination requirements and recommendations change periodically, you must check with your travel consultant, government authorities and/or medical professionals to determine or verify the actual requirements and recommendations at the time of sailing. Princess assumes no liability for the guest’s failure to obtain any necessary vaccination.

Princess Medical Centres
Our medical centres are primarily intended to provide acute care for illness and accidents that may occur while on holiday and are not intended to provide long term care for patients with chronic illnesses or as a substitute for regular health care.
Preparing for Your Cruise

Our intention is to:

• Provide quality maritime medical care for guests and crew members aboard our ships.

• Initiate appropriate stabilisation, diagnostic and therapeutic maneuvers for critically ill or medically unstable patients.

• Support, comfort and care for patients onboard.

• Facilitate the timely medical evacuation of patients, if appropriate.

All our Medical Centres hold the distinction of being the first and only facilities in the industry to be accredited to international healthcare standards. Our onboard medical centres are staffed by full-time British registered doctors and nurses. In addition to twice-daily office hours, they are available 24 hours a day in the event of an emergency.

Important: Charges for medical services will be added to your shipboard account and you will be provided with an itemised account to submit to your insurance company. All treatments are outside the scope of Australian Medicare, New Zealand `ACC' or private health insurance and treatment is charged at private rates, including those incurred on Australian coastal cruises, therefore we strongly recommend you take out travel insurance. Verify with your insurer if your coverage applies outside Australia. Please contact our Customer Service team for information on our recommended travel insurance provider, or alternatively your Travel Agent can arrange a policy.

Health and Wellness

The health and well-being of our guests and crew are our highest priority. The simplest way for you to stay healthy is to frequently and thoroughly wash your hands with soap and water, especially before eating, drinking, or smoking and after using the toilet. In addition to hand washing, you will also find hand sanitisers located at self-service food outlets throughout the ship. If you feel ill during your cruise, please immediately report to the medical centre.

We strongly recommend you review your health insurance coverage before travelling. Many policies, including Medicare, will not pay for medical services or emergency evacuation outside of the country.

Pregnancy

Princess medical centres do not have neonatal ICUs. As the health and safety of mother and child are so important to us, we cannot accept guests who have entered the 24th week of estimated fetal gestational age at any time during the cruise.

All pregnant women who are less than 24 weeks of pregnancy are required to produce a physician’s letter stating that mother and baby are in good health, fit to travel and the pregnancy is not high-risk. The letter must also include the estimated date of delivery (EDD).

Guests with Special Needs

Princess makes every effort to accommodate our guests with disabilities. You can help ensure a successful trip by working with us in advance.

All Princess ships have wheelchair-accessible staterooms.

If you require a mobility device, you must provide your own. You can pre-reserve a wheelchair and have it and other medical equipment delivered to the ship.

To ensure the safety of guests and crew, all personal items including mobility devices (wheelchairs, scooters, walkers, etc.) must be placed inside your stateroom when not in use. In order to enter a standard stateroom, your mobility device cannot exceed a width of 60 centimetres. Any electrical plugs, extension cords or recharging devices must be provided by the guest.

Guests utilising mobility devices with batteries are advised that the batteries must be a dry cell type, and must be stored and recharged in the stateroom. Because of staffing limitations, we recommend you be accompanied by someone who is physically able to assist you both on board and onshore.

Travellers with disabilities should check in with the onboard Tour Office to ensure all shore excursions can accommodate them. Not all port facilities are accessible for those using mobility devices. Ports may be accessed by a variety of methods including a ramped gangway, a series of steps or by tender. In some cases, you may be able to access the tender, but the shoreside facility will not be accessible. Many ports of call use a mechanism known as a “stair climber” to assist guests up and down the gangway. Guests must transfer to a Princess wheelchair, which is connected to the stair climber and operated by the ship’s personnel. If you cannot transfer or your personal mobility device cannot be easily disembarked, you may be precluded from going ashore. With your safety and comfort in mind, the decision to permit or prohibit guests from going ashore will be made on each occasion by the ship’s Captain, and the decision will be final. Ports that normally use tenders to access the shore are noted on the itinerary.
Preparation for Your Cruise

The maximum weight of the wheelchair including the guest cannot exceed 270 kilograms on transportation lifts. If you have purchased a Princess Transfer at the start or end of the cruise, be aware that lift-equipped transportation may not be available in your port of embarkation or disembarkation.

Entry regulations for service animals vary by port. Guests are advised to consult authorities at each port prior to departure for more information. Princess does not have food on board for animals. The choice of dog litter material is limited and varies by ship.

Princess ships are equipped with “All-in-One Kits” with TTY that can be used in most guest cabins and at Princess Alaska Lodges. Most televisions on board provide closed captioning and most onboard theatres have assisted listening devices. Electric outlets in most staterooms are limited to one and it is helpful to travel with an extension cord for electrical equipment. Princess also offers JAWS Professional software with a KOSS-TD/80 headset on one terminal in each Internet Café on every ship.

Medical Conditions

Guests must notify the Princess Fleet Medical Department in writing at the time of booking of any physical or mental illness, disability or other condition that may require medical treatment or render the guest unfit to travel or which may constitute a risk or danger to the guest or anyone else on board the ship.

If you will require oxygen supplementation during your sailing, you will be asked to send a letter or prescription from your doctor. You will also be required to let us know the type of equipment you will be using and whether you will be bringing your own supplies or if you will be having the equipment delivered to the ship.

Princess Cruises will consider allowing guests to go on board who are undergoing peritoneal dialysis, provided the following requirements are adhered to and approved by our Chief Medical Officer. Please email the following information to customercare@carnivalaustralia.com.

Approval for sailing on board will be granted on a case-by-case basis. In order to be eligible to sail, you will need to satisfy the following criteria:

- You must have been stable on a self-administered home dialysis program for a minimum period of 18 months.
- You must travel with an assistant who is able to operate and troubleshoot your self-dialysis unit. This can be a family member; this person must be confirmed by the treating dialysis centre as having successfully completed any necessary training.
- You must be able to procure and arrange delivery of all supplies needed for the duration of your trip. The company responsible for supplying the equipment should contact the Port Agent.
- You must have the permission of your treating doctor, who must be fully aware of the itinerary you intend to undertake. You should discuss the need to bring a supply of appropriate antibiotics should you develop an infection, any such medications must be prescribed by your treating doctor and you must carry them with you on your trip.
- You must obtain comprehensive travel insurance with medical coverage that is valid after the declaration of all pre-existing medical conditions.

And prior to sailing you will need to provide:

- A signed and dated letter confirming that you are fit to travel from your treating nephrologists dated no earlier than 30 days prior to the date of sailing.
- All the paperwork required for safe travel as outlined by the manufacturer and operating company of your self-dialysis unit.
- Results of your most recent blood work.
- Confirmation of insurance coverage.

We are unable to accept guests who will need Hemodialysis services on the ship.

Travel Insurance

Australian Medicare, New Zealand ACC and private health insurance will not cover you for any medical costs onboard. All cruises (even cruises that do not visit foreign ports) require international travel insurance. We strongly recommend that you organise your travel insurance at the time you pay your deposit.

You should not base your insurance decision on the assumption “it won’t happen to me” - accidents or illness can happen to anyone. Hospital bills can cost more than AUD$5000 or equivalent, per day. For further information or to purchase travel insurance:

- Australian guests - please contact your Travel Agent or call your travel insurance provider. Our suggested travel insurance provider Cover More may be contacted on 1800 241 388 (AU) or 0800 500 225 (NZ).
- NZ guests - please contact your travel agent or call your travel insurance provider.

Port Driving Directions
We’ve put together embarkation port guides that provide details — including driving directions, parking information, luggage handling tips and more for your reference! Embarkation guides are available on the Cruise Personalizer.

Guests who are driving should arrive at the pier 2 – 3 hours prior to sailing time. Guests who arrive earlier than recommended will have to wait until embarkation begins.
Now that you’ve done all the necessary planning before you go, we’ll review the items you may need to make your time with Princess the best holiday ever! Visit the Cruise Personalizer and download the pre-cruise checklist to make sure you have all the important documentation you need before you depart on your Princess holiday!

Clothing Recommendations
You should dress for a cruise with Princess the same way you would for any stylish land-based resort.

Casual sportswear, including shorts, lightweight pants and jogging suits, is the order of the day both at sea and ashore in hotter climates.

We recommend you bring a sweater, a jacket or an all-weather coat for cool evenings, and for shore excursions, depending on your destination. Due to unpredictable weather, don’t forget a hat or visor and a collapsible umbrella. Please be sure to bring proper clothing for visits to religious sites. You’ll also want low-heeled, rubbersoled shoes for strolling on deck, as well as comfortable walking shoes or sandals to wear.

Princess makes it easy to know what to pack and what to wear when you’re dining on board our spectacular ships. There are two designations for dress codes: Smart Casual and Formal.

Smart Casual
Guest attire should be in keeping with what they would wear to a nice restaurant at home.

• Skirts/dresses, slacks, and sweaters for women
• Pants and open-neck shirts for men

Inappropriate dinnerwear, such as pool or beach attire, shorts, ball caps and casual jeans (with fraying and/or holes) are not permitted in the dining rooms. Shoes must be worn.

Formal
When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our guests.

• Evening gown, cocktail dress, or elegant pant suit for women
• Tuxedo, dark suit or dinner jacket and slacks for men

Princess offers formal wear rental on all cruises; this can be arranged prior to embarkation.

Formal Wear Rentals
Dress with an elegance and style that is perfect for all the formal activities on your cruise with Princess. Cruiseline Formal Wear delivers beautifully tailored clothing directly to your stateroom.

To order your formal wear, please visit cruiselineformal.com, call +1 800-551-5091 or +1 305-252-8572. For questions, email: custservice@cruiselineformal.com.

Please note that this service is not available on departures from Australia and New Zealand

Packing for Your Holiday
Follow these important luggage reminders:

• Essential medicines, travel documents, valuables and breakables should be hand carried in your possession at all times.
• Many airlines now impose excess baggage fees for one or more bags and overweight bags, so check with your carrier regarding luggage restrictions.
• Princess will make every effort to assist you in safeguarding your belongings. But remember, you are responsible for your possessions at all times. Princess is not responsible for money, jewellery, cameras, binoculars, documents or any other articles you retain in your personal control.

What to Bring

• All luggage should have a sturdy personal identification tag that will not be lost or damaged in the course of typical airport and trucked luggage handling.

• On journeys including air travel, luggage will be subject to a considerable amount of handling so we recommend that your luggage be of sturdy construction.

• Princess recommends that your travel protection is adequate enough to cover any possible loss or damage which may occur. Any loss or damage caused by Princess or an airline must be reported immediately to the responsible party.

Valuables
We strongly recommend you hand-carry all valuables and breakables, including jewellery, electronics and cameras as well as any medications. Please read the Passage Contract for limitations and responsibilities for lost items and baggage.
Transfers
If you purchase a Princess airport-to-ship transfer you’ll be met by a uniformed Princess representative at the embarkation port airport.

From the airport, you’ll be transferred to your ship or hotel. But if you haven’t purchased your air travel arrangements from Princess, please be sure to provide your independent flight arrangements on the Cruise Personalizer no later than 15 days prior to sailing or we cannot guarantee that transfers will be provided.

And if you require special assistance, be aware that lift-equipped transportation may not be available in your port of embarkation or disembarkation. Arrangements must be secured in advance to accommodate your needs.

For transfer arrangement details, please contact your travel consultant, or visit the Cruise Personalizer.

Travel Tips
For the latest information regarding what to bring, what to leave at home, and what to generally expect while travelling, please visit www.smartraveller.gov.au or www.safetravel.govt.nz.

En Route Delays
If you encounter unforeseen flight- or weather-related delays on sailing day, we suggest you immediately advise an airline representative at the airport that you are a cruise guest destined for sailing that day. Typically, airlines are able to arrange alternative flights at the airline counter for guests to continue with their travel to the point of embarkation.

It is the airline’s responsibility to make alternate flight arrangements resulting from a delay or cancellation.

In the event costs are incurred, you are responsible for out-of-pocket expenses. If you have purchased travel protection, costs incurred as a result of trip delay are likely to be covered by Trip Delay protection. Please be sure to keep all receipts for submission and contact your travel plan administrator for assistance and clarification.

If your delay involves missing the ship in the port of embarkation, you must immediately contact the En Route Desk to confirm that you will be permitted to join the vessel at the next port of call. In certain instances, you will not be permitted to join the vessel at the next port if the late embarkation will result in a violation of the Passenger Vessel Services Act (PVSA), or if you do not have the proper documentation (such as a passport or visa) to continue travel.

Upon learning your new flight arrangements, we ask that you immediately contact Princess with your new flight information for our records.

You can reach us at 13 24 88 (within Australia), or 0800 780 717 (within New Zealand). Princess representatives are available to answer this en route line 24 hours a day, 7 days a week.

After-hours support is available in the event of en route delays. Our representatives will record your new flight information into your booking record.

If you have purchased Princess eZAir®, we offer Late Arrival Protection to the next appropriate port of call should you miss your cruise embarkation due to an airline delay or service disruption. Contact the En Route Desk for assistance. Note that Next Port Protection covers air costs only and you are responsible for the cost of accommodations, meals and other incidental costs. If you have purchased travel insurance, please keep your receipts and contact the plan administrator for possible reimbursement of these expenses.

If your checked baggage is delayed or misdirected by a common carrier, immediately report this to the carrier. Once you arrive on board, report this delay to the Guest Services Desk, providing the claim number and bag description.

As a courtesy, the onboard staff will assist in following up with the airline; however, any costs incurred in forwarding the luggage to the ship is at the guest’s expense. Guests who have purchased travel protection should verify with their policy carrier regarding Baggage Protection, which may include baggage delay coverage. Please keep all receipts for submission and contact your travel plan administrator for assistance.

Important: The En Route numbers provided above are for unforeseen delays. If you have any other questions, please contact your travel consultant. Princess is not responsible for any airline delays.
Safety Ashore

Our primary concern at Princess is your safety and security. We are in continuous contact with authorities concerning any travel advisories that might impact our cruises.

Although such itinerary changes occur infrequently, please understand that these changes are for your own safety and security and are beyond our control.

We remind all of our guests that they must ultimately assume responsibility for their actions while ashore. In this regard, we would like to remind you of some common sense precautions when visiting ports of call:

• Travel with others and stay in open public places.

• Dress down conservatively and minimise the amount of jewellery you wear.

• Take care of handbags, cameras and valuables.

• Be aware of your surroundings and the people around you.

• Use discretion when handling cash publicly. Separate money for small and large purchases to avoid showing a large amount of cash. Have gratuities ready.

• Do not provide personal information to persons you do not know.

• Exercise extra caution when exploring during the hours of darkness.

• Do not accept rides from unofficial taxis; look for certification and proper licenses.

• If confronted by a criminal, just remember that money and valuables can be replaced.

• Consider going ashore on a Princess Cruises tour or other organised group; independent guests touring on their own should be particularly vigilant.

• Do not leave drinks unattended when in bars or restaurants.

• If you are involved in an auto accident, only stop in locations you consider safe in order to exchange vehicle information.

• Do not travel in rural or deserted roads and areas.

• Keep well clear of any gathering crowds or demonstrations.

We thank you in advance for following these recommendations, which we believe will enhance the enjoyment of your cruise.
Our world revolves around you. As we sail from one fabulous port to another, you’ll be the centre of our universe. Our dedicated shipboard staff is there to attend to your every need. And warm smiles will greet you everywhere you go.

Onboard Atmosphere

Everyone at Princess is committed to ensuring you have a great time on your cruise. So, to preserve a relaxed and friendly atmosphere on board, we ask that you observe a few guidelines.

• When formal nights are held, please observe the dress code in the Traditional Dining and Anytime Dining venues for the enjoyment of all our guests. For details regarding this, please see the section on Formal Wear.

• Smoking is not allowed in the dining rooms, any food service area, or in the show lounges and theatres. As a courtesy to your fellow guests, please refrain from smoking pipes and cigars in all public rooms.

• Should you wish to videotape on board during your cruise, please feel free to do so. However, videotaping the onboard entertainment performances is not allowed for copyright reasons.

• Inappropriate dress such as pool or beach attire, shorts, ball caps and casual jeans (with fraying and/or holes), is not permitted in the dining rooms.

Special Occasions

Princess makes your birthday, wedding, honeymoon, anniversary or renewal of vows even more memorable. When you’re on board a cruise with Princess, you’re surrounded by warm, caring people dedicated to making each day a celebration. And for those times in your life that are special, we’ve created a collection of memorable Celebration experiences to help you savour those moments for years and years to come.

If you or your travel consultant advise us of any occasions of particular importance at least 45 days prior to your departure, we’ll set our “special occasion” staff in motion to spotlight your special event in the dining room or with our special packages and fabulous “extra mile” service.

Choose from a selection of our Celebration offerings, with extra touches like flowers, wine and champagne. To order a gift or to plan a special event, review our selections and complete the order form.

Alcohol Policy

As provided in the Passage Contract, guests agree not to bring alcoholic beverages of any kind onboard for consumption, except one bottle of wine or champagne per adult of drinking age (no larger than 750 ml) per voyage, which will not be subject to a corkage fee if consumed in your stateroom. Additional wine or champagne bottles are welcome, but will incur a $15 corkage fee each, irrespective of where they are intended to be consumed. Liquor, spirits, beer, bottled water and canned or bottled soft drinks are not permitted. Please remember that luggage will be scanned and alcohol or any beverages outside of our policy will be removed and discarded.*

Alcoholic beverages that are purchased duty free from the ship’s gift shop, or at ports of call, will be collected for safekeeping and delivered to the guest’s stateroom on the last day of the cruise. A member of the ship’s staff will be at the gangway to assist guests with the storage of their shoreside alcoholic purchases while our Boutiques staff will assist guests with shipboard alcoholic purchases.

*Princess Cruises is not responsible for any alcoholic beverages confiscated by shoreside security staff. Such items are not eligible for monetary refund or replacement.

Alcohol Age Restrictions

The legal drinking age of 21 years is always observed on board and proof of age may be required. All onboard staff are trained to take their responsibility to not serve alcohol to underage guests seriously. The age restrictions are clearly posted in the bars. Guests under the age of 18 will not be permitted in the Casino or Night Club after 11:00 p.m.

For cruises between Australia & New Zealand, China, Europe and Singapore, the drinking age will be 18 years old. For cruises between Japan ports, the drinking age will be 20 years old.
Smoking Policy
The legal purchasing and smoking age of 18 (19 while in Alaska*) years or older is always observed on board and proof of age may be required.

Keeping the comfort of our guests a priority, and in consideration of consumer studies which show smokers are a small minority of guests, Princess has implemented the following smoking policy:

Designated Smoking Areas clearly marked “Designated Smoking Areas” are available on board and include a sufficient number of ashtrays that are emptied regularly. Generally, these areas include cigar lounges, a section of the nightclub, as well as a portion of the open decks. As a safety precaution, guests are reminded to properly dispose of cigarettes, cigars and pipe tobacco, which are never to be thrown overboard as this may be sucked back into the ship and cause fires.

*For guests on cruises originating from Japan, the minimum age limit for smoking is 20 years of age or older.

Princess Cruises prohibits smoking in guest staterooms and balconies. This policy reflects the preferences of a vast majority of our guests who value having their primary living space (both stateroom and balcony) smoke-free. As balconies are a hallmark of Princess Cruises, we believe it is important to keep this peaceful space clear of smoke. Violations to this policy will result in a $250 fine for each occurrence, which will be charged to the guest’s stateroom account. Keeping with the global trend toward more restrictive smoking policies and honouring the wishes of our guests, we feel this change will enhance our onboard experience.

Electronic Cigarettes
The use of electronic cigarettes are permitted within the confines of the guest’s stateroom (balcony not included) and within designated smoking areas only.

Laundry Services
Take advantage of our onboard laundry and professional cleaning service for a nominal fee. All laundry is returned within 48 hours, or on the same day with our express service. We also offer self-service coin- or token-operated launderettes.

Full suite guests and Elite Captain’s Circle members also enjoy complimentary laundry and professional cleaning service, except for Presto service, which carries a charge.

For your convenience, Princess vessels have self-service launderettes where washers, dryers and laundry products are available for a nominal charge. Please note that irons/ironing boards are available in the self-service laundry rooms. Ironing and using personal clothes steamers are not permitted in any stateroom. Although rare, on certain itineraries, environmental regulations relating to the consumption of water may impact the operating hours of the launderettes. These restrictions, when applicable, will be posted in the Princess Patter.

Cashless Cruising
One of the best things about cruising with Princess is the convenience of being able to sign for all your expenses and have them charged to your stateroom.

When you check-in for your cruise, you’ll receive a Cruise Card (a personal identification card). The Cruise Card is used to access your personal shipboard account to which all purchases are charged.

An itemised statement will be delivered to your stateroom prior to disembarkation. By providing your credit card in advance, you are automatically registered for Express Check-Out. There is no need to visit the Guest Services/Purser’s Desk to settle your account. We accept U.S., Canadian, British and Euro currencies, and traveler’s checks. Express/Optima, Diners Club/Carte Blanche, China Union Pay Credit and/or Debit Cards, Discover Network, the JCB Card, MasterCard and Visa are also accepted. Those paying by traveler’s checks or cash will be required to leave a cash deposit with the Purser’s staff at the beginning of the cruise.

Debit Cards act as a credit card, whilst using the available funds in your account. When using credit or debit cards, we obtain pre-authorisations and some banks hold these for up to 30 days. This may appear as a double charge to your credit or debit card until your bank releases the hold.

Onboard Currency
Sun Princess, Dawn Princess, Sea Princess, Diamond Princess, Golden Princess and Emerald Princess cruises departing from and/or returning to Australia and New Zealand are in Australian Dollars. Prices onboard all other Princess Cruises departures are in US dollars.

For your convenience, Currency Exchange Machines for the exchange of foreign currencies are available on vessels sailing out of European ports and on selected exotic itineraries. Automated Teller Machines (ATM) are also available on selected vessels. Use of such machines may involve transaction fees that are subject to change without notice. Please visit the Guest Services/Purser’s Desk for more information.
**Shopping On board**

Don’t miss out on the incredible tax and duty-free savings available throughout our stores on board. Highly recommended brands are available in cosmetics, fragrance, branded apparel, fine gifts, jewellery, and of course your favourite spirits. Don’t worry if you might have forgotten to pack something. We stock all the essentials in our convenience store.

We also offer an Extra 10% Savings the first two days of the voyage when using your Passport to Value (not available on cruises to and from China).

In addition to the everyday savings, our helpful and knowledgeable onboard staff feature daily promotions everyday of your cruise. Once on board, check out the Princess Patter calendar or Princess@Sea (where available) and your daily Shopping Spotlight Newsletter for times and locations of all of our boutiques and join us each day for a very special event.

In accordance with regulation from the Australian Customs and Border Protections Service, our onboard boutiques will remain closed during coastal cruises. Guests joining an international cruise ship only to travel between Australian ports are not entitled to duty-free benefits or concessions. Please visit http://www.border.gov.au/Trav/Ente/Duty-Free-concessions for more information.

**Gratuities**

During your cruise, regardless of which Princess ship you choose, you will meet staff who provide you with excellent service. Crew members often rotate to different vessels within the Princess fleet which helps to maintain our high standards on every ship. These dedicated workers reflect our philosophy that all crew on all ships are but one family who share in our success.

Tipping is not required or charged to your onboard account for Sun Princess, Dawn Princess, Sea Princess, Diamond Princess or Golden Princess cruises departing from and returning to Australia (Golden Princess and Diamond Princess commencing 29 Sep 15). You are welcome to reward our onboard staff for exceptional service, however tipping isn’t required.

To simplify the tipping process for our guests, for international voyages a discretionary gratuity of $13.95 per person for mini-suites and suites, and $12.95 per guest in all other staterooms per day (including children) will be automatically added to your shipboard account on a daily basis. This gratuity will be shared amongst those staff who help provide and support your cruise experience, including all waitstaff, stateroom stewards, buffet stewards, and housekeeping staff across the fleet. For your convenience, this gratuity can be pre-paid online via Cruise Personalizer. Alternatively, you may call us at 13 24 88 (AU) or 0800 780 717 (NZ) and reference Special Services item number 0591. Pre-payment is available up to 2 days prior to departure.

A 15% gratuity is added to bar charges and dining room wine accounts. This is shared amongst the beverage staff and their support staff. There is also a 15% gratuity (5% on Australian-based ships) added to all spa services and fitness classes offered in the Lotus Spa®, Salon and Fitness Centre.

We know you’ll find these services onboard exemplary.

Casino dealers and youth staff do not share in these gratuities, as not all guests utilise these services.

**Stateroom Amenities**

The little extras you find in the best hotels — fresh fruit (by request), evening bed turn-down, chocolates on your pillow, complimentary shampoo, conditioner and body lotion — are provided in every stateroom. Waffle weave cloth bathrobes are available upon request from your stateroom steward for your comfort and convenience. Our Club Class mini-suites and suites feature upgraded Terry Shawl Bathrobes.

For those of you who wish to enjoy a relaxing drink in the privacy of your stateroom, bottles of liquor and stateroom bar packages are available for purchase at non-duty-free prices through room service or from designated bar locations.

Mini-suites include a welcome glass of champagne, two televisions, a sitting area and a spacious closet, while full suites offer all of these premiums plus amenities such as a DVD/CD player and free access to a DVD library (not available on ships with Video on Demand). Full suite guests also enjoy complimentary laundry and professional cleaning services, use of the Lotus Spa® Thermal Suite (on select ships), one-time free mini-bar setup and use of our Disembarkation Lounge. Club Class mini-suites also feature complimentary in-room wine setup* and premium evening canapés upon request.

Each stateroom has other luxuries for your convenience, such as a private safe and refrigerator. In addition, each room is equipped with a 110-volt, 60-cycle alternating current (AC)
with standard U.S. plug fittings. Australian plug fittings are available on Dawn, Sun and Sea Princess. Please ask your stateroom steward to check your appliances for suitability before use if you have any questions. All ships are equipped with an electric hair dryer in every stateroom.

*Complimentary one time set-up on embarkation day, ½ bottle white and ½ bottle red

Television Programming

Getting away from it all doesn’t mean being out of touch when you sail Princess Cruises! Every stateroom on our ships features state of the art television programming including an impressive selection of movies and satellite programming. Our live programming offers a wide variety of channels to help our guests stay on top of news, sports, and special events around the world.

Throughout the year our guests will also enjoy a large variety of special events including such programming as the Academy Awards, Melbourne Cup, NRL Rugby, and Autumn Rugby Internationals.

While sailing in China, our guests will enjoy the best of both International and Domestic programming. We are proud to offer English-language satellite coverage through ESPN International, Fox News, MSNBC, CNBC, and BBC World News. Beginning in 2016, we will be offering a dedicated English-language Pacific Rim channel which will include daily Australian news updates and a selection of sporting events from the region, including J League Football and the Australian Football League. We also offer Japanese channels NHK News and NHK Sports.

Our dedicated UK vessels will receive programming tailored specifically for our UK guests. In addition to our satellite programming, we have over 1,000 hours of content available to watch at your convenience with the touch of a button. This exciting new technology is available to all cabins onboard these vessels.

Vessels not equipped with video on demand are also provided with a very exciting movie line up in cabin. We have a variety of movie channels with selections for everyone to enjoy regardless of your age or interest. All vessels will have a Movie Channel with some of Hollywood’s most recent hits, a Flashback Channel featuring your favourite films both past and present, and a Family Channel. All vessels also feature a wide variety of programming across our Lifestyle, Discovery, and Animal Planet channels onboard.

Closed and/or Open Captioned programming is available on all Princess ships. As well, most onboard theatres are equipped with assistive listening devices. Please check in with the Pursers Desk/Guest Services for more information. Please note that captioning may not be available for many programs from an international satellite source. This is a limitation of what is available to the maritime market and not a decision made by Princess. We will always make captioning available for our guests whenever possible.

*Ship television programming is not guaranteed at all times due to the nature of satellite communications, which are subject to itinerary and possible disruption from weather patterns and various obstructions. Also, Internet access via satellite is significantly slower than high-speed connections on shore.
Staying Healthy

The health and well-being of our guests and crew is our highest priority. And there are several measures which are currently in place to prevent and contain illnesses on our ships.

The simplest way for you to stay healthy is to frequently and thoroughly wash your hands with soap and water, especially before eating and after using the toilet. You’ll also find hand sanitisers located throughout the ship for your use after washing your hands.

If you feel ill during your voyage, please immediately report to the medical centre.

Medical Assistance

Our medical centres are primarily intended to provide acute care for illness and accidents that may occur while on holiday and are not intended to provide long term care for patients with chronic illnesses or as a substitute for regular health care.

Our intention is to:
• Provide quality maritime medical care for guests and crew members aboard our ships.
• Initiate appropriate stabilisation, diagnostic and therapeutic maneuvers for critically ill or medically unstable patients.
• Support, comfort and care for patients onboard.
• Facilitate the timely medical evacuation of patients, if appropriate.

All of our onboard medical facilities meet or exceed the standards established by the American College of Emergency Physicians. In addition to twice-daily office hours, medical staff are available 24 hours a day in the event of an emergency.

Charges for medical services will be added to your shipboard account, and you will be provided with an itemised account to submit to your insurance company. Important: Princess ships are of Bermudan and British registry. Australian Medicare and NZ ACC isn’t accepted onboard.

Princess Patter and Princess@Sea

Our onboard, daily newsletter, The Princess Patter, keeps you up-to-date with all the latest happenings during your cruise, so make sure to check it out each day.

Princess@Sea is a complimentary onboard web service offering quick and convenient access to valuable information directly on your mobile device. The days events and activities, the ability to review the ship’s itinerary, port guides, restaurant menus, access to your stateroom account, plus Princess@Sea Messenger allowing free text messaging, are all available at your fingertips. Simply connect to the ship’s Wi-Fi once onboard, and Princess@Sea will be the default page that appears. It even operates in “Airplane Mode.” No mobile or data charges required.

Lotus Spa and Fitness

Our goal at Princess is to return you to the world renewed in body, mind & spirit, offering a sensational selection of services and treatments from facials, scrubs and massages to hot stone therapy, body therapy and body wraps, as well as a full-service salon should you choose to beautify after you unwind. As part of the Princess Youth and Teen program, junior cruisers will also participate in two special dinner evenings designed for each age group. Younger guests will enjoy dinner without parents and in the company of newfound friends and counsellors in one of their ship’s many eateries. For teens, one of the two evenings will feature a formal get-together in one of the main dining rooms, complete with photographs and a group night out to enjoy many Princess evening offerings*

Note: Age groups may differ on Caribbean Princess, Diamond Princess, Pacific Princess, Sapphire Princess, and Star Princess. Participation in our Youth Programs is not guaranteed. We will make every effort to accommodate all interested children, but may need to limit the number of participants to maintain a safe and secure environment.

*The teen dinner may be held in a different location other than the main dining room.

Family Travelling

Anytime Dining is recommended for families who want to dine together, so children may fully participate in the evening youth activities (starting at 6 p.m.).

The dining options on board our ships allow parents the freedom and flexibility to dine with their children or on their own. Parents may wish to spend time with their children while they eat an early dinner at the pizzeria, in the Horizon Court buffet, or in their stateroom with 24-hour room service. Or, families may wish to dine together in one of our elegant, upscale restaurants, which offer a special children’s menu.

Many shore excursions have been selected with family cruisers in mind. Discounted rates for children and “family-friendly” activities are available to make the most of your time in port.

Parents are always welcome to join their children in the Youth and Teen Centres.

Shortly after we welcome you on board your spectacular Princess ship, you’re invited to relax and dine at the Horizon Court or in one of the ship’s multiple dining rooms.

The Horizon Court (named Panorama Buffet on Pacific Princess) offers an ever-changing array of buffet meals or snacks throughout the day and during select hours at night. A primary feature of Princess ships, the top-of-the-ship restaurant features floor-to-ceiling windows with stunning sea views as a backdrop.

Or join us in one of our main dining rooms for lunch and dinner served up by a staff — from chefs to waiters — dedicated to making your dining experience something special.

Together, Princess’ unique combination of amiable dining staff, fine cuisine and new friends make every meal on board a memorable occasion.

Anytime Dining*
Anytime Dining offers a flexible dining experience — similar to a restaurant ashore — and gives you the freedom to dine with whomever you wish, at your convenience between 5:30 p.m. and 10 p.m. in elegant, upscale venues.

Traditional Dining
Traditional Dining is the classic cruise dining experience, with multiple seatings available, in the same dining room with the same waitstaff and table mates each evening. Please note that early seating is not available on all ships.

Should you need to change your dining preference, please update your details on Cruise Personalizer no later than three weeks before you sail. Requests for preferences and changes are considered on a first-come, first-served basis. It is not always possible to alter dining preferences or seating arrangements once they are reserved.

Once on board and subject to availability, you may attempt to switch preferences by contacting the Maitre D’. We will do our best to accommodate you.

Club Class Dining
Available for Club Class mini-suites and full suites, Club Class Dining is an exclusive area of the main dining room featuring expedited seating with minimal to no wait. You’ll also enjoy expanded menu options, dedicated waitstaff, uniquely styled decor, table-side preparation and more!

Specialty Restaurants
Variety is the spice of life, especially when it comes to gourmet fare. That’s why Princess offers several Specialty Dining options for you to choose from on every ship.

These distinctive restaurants provide intimate dining in an upscale atmosphere. Reservations are suggested at these popular venues and a cover charge applies. Specialty restaurants vary by ship.

Bayou Café & Steakhouse
Experience the first New Orleans-style restaurant at sea, and enjoy fabulous Creole and Cajun traditional cuisine, such as jambalaya, and seafood gumbo and bourbon-chili marinated steak.

Crown Grill
Crown Grill entertains guests with an open, theatre-style kitchen where chefs custom-prepare steaks and chops along with traditional sides and decadent deserts such as Seven Layer S’Mores.

Kai Sushi
Kai Sushi offers several varieties of Nigiri and Sashimi as well as marinated seafood cocktails. A select wine, beer and sake menu is also featured.

Sabatini’s Italian Restaurant
Sabatini’s serves up an authentic Italian dining experience with a stellar menu that features antipasti, signature pastas and regionally inspired main courses, such as lobster three ways.

*Not available on Dawn Princess, Diamond Princess (Japan sailings), Pacific Princess, Sapphire Princess (China sailings), Sea Princess and Sun Princess.
Dining & Nightlife

Sterling Steakhouse
Experience a more refined approach to the traditional steakhouse. Enjoy aged, hand-cut beef cooked to order, such as New York steak, porterhouse, rib-eye and filet mignon.

Casual Dining Venues
When a casual mood calls, you have plenty of choices — even on formal nights. Whether it be one of our specialty restaurants, the Horizon Court or Panorama Buffet, the pizzeria, burger & hot dog grill, or 24-hour room service, you’ll appreciate the variety of options.

Special Dietary Requests
Princess is happy to meet your request for low-sodium, low-fat, sugar-free and vegetarian diets. Other diets can also be accommodated. Visit Cruise Personalizer to indicate your dietary preferences.

In addition, kosher meals (frozen entrées only) and baby food are available upon advance written request. Any other special diet requests must be authorised in advance by the Princess corporate office.

You or your travel consultant must advise Princess in writing of any special diet, allergies or medical needs. Requests must be received no later than 35 days prior to departure for cruises to Alaska, Canada/New England, Caribbean, Hawaii, Mexico, Panama Canal and Coastal Getaways. For all other cruises, requests must be received no later than 65 days prior to departure. Once on board, please check with the Maître d’hôtel to confirm your request.

Room Service
Guests may call for personal complimentary Room Service at any time of the day or night*. To have continental breakfast delivered to the stateroom, fill out the breakfast card included in the stateroom portfolio (one is also placed on the pillow) and hang it out at night on the stateroom door in order to receive delivery the next morning at the time of your choosing. For a full stateroom menu, guests may review the stateroom portfolio, call the number listed in the telephone directory or press the “Room Service” button on their phone.

*Please note that an additional charge is applied for certain items. Please consult the guide in your stateroom.

Onboard Entertainment
Fill every day with a wide variety of exciting onboard activities from Art Auctions to Zumba. Take a galley tour; enjoy wine tasting; experience our traditional Champagne Waterfall; or join in games by the pool. You can even take a backstage tour, or take centre stage at our karaoke events. Ships filled with amenities, equal in luxury to the finest land based resorts — that’s what makes Princess Cruises the ultimate holiday and a complete escape.

Or opt for an exciting array of stage shows which are written, designed and choreographed exclusively by Princess. Curtain times vary; check your onboard newsletter, the Princess Patter or Princess@Sea (where available), for show times.

Don’t forget to bring along your dancing shoes, because Princess has several dance venues and live entertainment to get you into the swing of things. We start early and finish late. Just check the Princess Patter or Princess@Sea (where available), for the times and places to give your partner a whirl.

Every cruise also features a great selection of recently-released feature films for your viewing pleasure. On select ships, guests can also experience Movies Under the Stars, our 28 square metre outdoor movie screen and watch the latest films, sporting events and concert videos — all from a comfortable deck chair.

Guests can also be the stars. You can boogie the night away at the Love Boat Disco Deck Party - bring your bell-bottoms and join the cast for the only place at sea where you can dance, “The Isaac.” Or bring your tropical wear for The Ultimate Deck Party on all warm weather sailings. There will be limbo contests, games and calypso music for “dancin’ in the aisles.” At Princess Cruises, there’s more to do when you want to do it!

Casino Games*
Our casinos offer the most popular table games, including blackjack, roulette, three-card poker and craps. We also feature a full range of exciting slot and video poker machines, as well as regular Snowball Jackpot Bingo sessions held throughout the cruise.

Complimentary gaming lessons for slots and table games are held on each cruise, along with exciting tournaments. Please check the Princess Patter or Princess@Sea (where available), for our daily special promotions and opening hours. Plus, if you want to surprise your friends with a lucky side bet, you can choose a $25, $50, or $100 credit, redeemable in the shipboard casino.

Persons under the age of 18† are not permitted to gamble or remain in the casino.

*Casino games may vary by vessel.

The Internet at Sea
Internet access is available on all Princess vessels through our 24-hour onboard Internet Café and wireless network — which is available in staterooms and various public areas including our world famous Piazzas.*

Use our state-of-the-art computer systems to access your web-based email account, or browse the Internet for world news, sports and stock trading. Or bring your wireless device and access the Internet through our onboard wireless network.

Guests who subscribe to email services from an Internet Service Provider (ISP) are advised to verify that their ISP has a web-mail viewing site prior to sailing. Most major ISPs have websites that allow email access via a web browser using an email address and password.

*Internet access via satellite is significantly slower than high-speed connections on shore. Princess Cruises reserves the right to filter content accessed via the ship’s Internet services. Please note high bandwidth consuming applications such as voice over IP telephony, peer-to-peer file sharing and streaming media may be restricted on board Princess vessels.*

**Princess@Sea — Complimentary Onboard Web & Messaging Service**

Princess@Sea is our FREE, mobile friendly onboard service offering quick and convenient access to valuable information about the ship while you’re onboard! Plan your day’s events and activities, review the ship’s itinerary and port guides, browse restaurant menus, even access your stateroom account! Plus, on select ships the Princess@Sea Messenger allows you to send text messages to other guests onboard!

Getting started with Princess@Sea is easy. Simply connect to the ship’s WIFI once onboard, open your browser and Princess@Sea will be the default page that appears. It even operates in “Airplane Mode”. No cellular or data charges required!

**Mobile Devices at Sea**

You may use your personal mobile devices onboard while at sea in international waters and in other areas where such use is permitted. A compatible mobile device and a service plan capable of roaming internationally with Maritime Communications Partners AS is required. **Disembarkation**
On the majority of our cruises, you will be required to identify and clear your luggage through customs. As you leave the ship, you will be directed by Princess representatives to the luggage claim area. As many bags are similar in appearance, please check each luggage tag to ensure you are claiming your own luggage.

Due to local customs restrictions, guests may not leave the ship until all luggage is off-loaded. With this in mind, we suggest that you relax in one of the many public lounges to wait for customs clearance and disembarkation by pre-designated groups.

Customs and immigration inspectors will review with you the customs declarations form upon which you have listed all the articles bought in foreign ports or in the ship’s boutiques. For Australian residents, please visit www.border.gov.au/Trav/Ente/Duty-Free-concessions. For New Zealand residents, please visit www.customs.govt.nz/features/charges/dutyfree/Pages/default.aspx

It is recommended that guests keep their sales receipts handy for declaring their purchases.

For further customs information, we recommend that you attend the Cruise Director’s disembarkation talk and thoroughly read the disembarkation information notice delivered to your stateroom during the last days of the cruise.

If you have purchased a Princess ship-to-airport transfer or are participating on a Land and Sea Holiday, you will be directed by uniformed Princess representatives to the transfer departure point.

If your friends or relatives are meeting you at the pier, please be advised that disembarkation may take up to four hours after the scheduled arrival of the ship in order to clear immigration and customs.
