Get closer to the wonders of the world when you see incredible UNESCO World Heritage Sites — both cultural icons and natural treasures — with Princess! Here are our picks for the top experiences to visit on your voyage in Asia.

1 **Singapore Botanical Gardens**: Dating back to 1859, the Singapore Botanical Gardens holds several distinctions: it was Singapore’s first UNESCO World Heritage Site and remains the only tropical botanic garden ever to be inscribed. Lush collections are cultivated here, including an orchid garden and a “learning forest” where you can wander in habitats from a freshwater forest to a lowland rainforest.

2 **The Cultural Landscape of Bali**: Learn more about Bali’s storied past through this site that threads together nature, culture and spirituality. Five rice terraces and their water temples span a large swath of land, a testament to the region’s agricultural heritage that relies on a sustainable subak system to irrigate the fields.

3 **Classical Gardens of Suzhou**: A thousand years of history live in these lavish gardens. Classic Chinese garden design creates miniature replicas of natural landscapes, each section a beautifully integrated symphony of bridge-covered waters, perfectly placed stones and lush flowers.

4 **Seokguram Grotto and Bulguksa Temple**: Tucked in the dense forest of Mt. Toham, this ornate architectural site is one of South Korea’s most cherished religious landmarks. The Seokguram Grotto houses a statue of the Sakyamuni Buddha, and the entire Bulguksa temple complex was designed to represent the land of Buddha.
5 **Buddhist Monuments in the Horyu-ji Area:** The stunning tiered Buddhist monuments in Japan’s Nara Prefecture are among the oldest surviving wooden buildings in the world. Embellished with intricate carvings, these masterpieces of Buddhist temples serve as a great illustration of ancient art and religion in Japan.

6 **The Jongmyo Shrine:** This Korean royal shrine is dedicated to the deceased kings and queens of the Joseon Dynasty. The elongated structure is recognized by its red exterior and simple, yet elegant design. Ancient ritual ceremonies that combine music, song, and dance still take place at this serene site — continuing a tradition from the 14th century.

7 **Hiroshima’s Itsukushima Shrine:** The Itsukushima Shrine in Hiroshima is an enduring symbol of both beauty and tradition in Japan. Surrounded by deep green forests and a calm sea, the name Itsukushima translates to “island of worship,” and has been a sacred place for pilgrimage for centuries.

8 **Mt. Fuji:** Framed by pastel pink petals in the spring and fiery foliage in the fall, Mt. Fuji is one of Japan’s most recognizable natural wonders. The volcano is Japan’s highest mountain at 12,460 feet, and its stunning beauty has inspired artists and writers for centuries.

9 **The Temple of Heaven:** The grand Temple of Heaven in Beijing is a beautifully designed complex that symbolizes the relationship between Earth and heaven in Chinese cosmogony. The inside and outside of the collection of buildings are adorned in vivid designs doused with bright colors, and the surrounding gardens are bejeweled with fluorescent flowers.
From the moment you fall for the beauty of Southeast Asia, you’ll find yourself wanting to explore more, then to return again and again to see what else you can uncover.
